Habitat Insider

November 2011

Meet the Liles

Every time Malissia Liles stops by the site of her future home, she takes a picture, documenting the progress of her house snapshot by snapshot. "I've always wanted some place to call home,"

she explains. Malissia has spent her adult life hopping from one rental place to another; her current rental trailer is plagued by holes and leaks. The ceiling is falling down in one area. But now Malissia is making her dream of homeownership a reality. "It's time. I want to have some kind of legacy." Malissia's house is sponsored by the net profits from Habitat ReStore. Thanks to all those who donate items and shop at ReStore - you've made Malissia's home possible!
