ReStore Review

October 2011

ReStore Sponsors new Home!

The ReStore is pleased to announce that it will be sponsoring the Liles Family home. Thanks to all the excellent donations, brilliant volunteers and wonderful customers who helped contribute to the ReStore's goal of raising funds to support Habitat for Humanity's mission of eliminating poverty housing in Monroe county.

This fall, the affiliate will be hard at work raising the walls on a home for the Liles family.

Every time Malissia Liles stops by the site of her future home, she takes a picture, documenting the progress of her house snapshot by snapshot. "I've always wanted some place to call home," she explains. Malissia has spent her adult life hopping from one rental place to another; her current rental trailer is plagued by holes and leaks. The ceiling is falling down in one area. "I've just made do," Malissia says. Nothing felt like a real, permanent home. But now Malissia is making her dream of homeownership a reality. "I'm 50 years old. It's time. I want to have some kind of legacy."

Bulky Item Pickup

Twice a year, the City of Bloomington, in partnership with Hoosier Disposal and several local nonprofit organizations, offer a free 'bulky item' service - a chance for the citizens of Bloomington to dispose of or get rid of all those big pesky items at no cost! Held at the Monroe County Fairgrounds on **Friday, October 21st and Saturday, October 22nd**, this is a great solution to get rid of those cumbersome items in a safe and environmentally friendly manner.
